Pen and liquid  
**RRP**  
£9.99  
**Legal Status**  
MD

## Uses

For the fast acting treatment of corns.

## Format and Ingredients

Pen

## Dosage

Step 1: Hold pen at an angle and scrape towards you to gently exfoliate the top layer of the corn. Should be repeated every third day to exfoliate softened or broken down skin from the corn.  
Step 2: Using the targeted applicator, cover the whole of the corn with the liquid (1-2 applications).
